We provide quality educational support to the Schools. The syllabus has been divided into 3 terms. We supply question papers for both unit tests and term exams and only semester exams for the series Tiny Footprints.

We have printed and published books of superb quality at an affordable price. The books are very colourful and attractive with high print quality and thereby endearing to both teachers and children alike. The question papers which are very innovative, interesting and colourful, would kindle the children's interest to participate in the exams.

Our handbooks contain guidelines to teachers to teach our books effectively. These handbooks are now available on our website. (www.rainbowpublishersindia.com) and can be downloaded free of cost by the schools.

We present the schedule of work for the year 2021 - 2022 for the Kindergarten showing the termwise division in syllabus.

Thanking You for your support.

Yours,

Total Edu Support
