Science

Young children have keen minds but their attention span is very short. So it is very important for the teacher to make science interesting so that they grasp well. Keeping this in mind our Science book is more activity oriented and gives importance to 'learning by doing'.

So the teacher has to involve the child in every step and make sure that the concept is made very clear.

By taking the children for nature walks and by talking to them, and by involving them in group work, discussions etc. the teacher can make learning, fun.

We have provided notes to teachers in the text book which will help the teacher make Science simple and at the same time very interesting to the children.

Living Things

Exercise

Fill in the blanks choosing the correct answer:

- a) Fish moves with the help of fins.
- b) Birds fly with the help of wings.
- c) Plants make their own food in green leaf.
- d) Kittens grow into cat.
- e) Frog breathes through lungs.

Write these sentences in the correct order.

A seed is in the ground

A small plant grows

A bud grows on the plant

A flower comes out

The flower dies

Match the following:

cow- grass, hen-eggs, lizard-mosquito, mango-tree, tadpole-frog.

Answer the following:

a) Tree is a living thing. Why?

A tree is a living thing because it grows, needs food and water, it breathes, it reproduces and dies.

- b) How do plants breathe?
 Plants breathe through small pores in their leaves called stomata.
- c) How do birds reproduce?Birds reproduce by laying eggs.

Worksheet (Workbook)

Write 'True' or 'False:

a. True b. False c. False d. True e. True Match the following:

- A. a. stomata b. gills
 - c. swims in water and jumps on land
 - d. crawls e. grass/carrot

Fill in the blanks using the words given below:

a. green leaves b. gills c. tadpole d. lungs e. eggs Answer the following:

A. Write five characters of living things:

1. they breathe 2. they move 3. they need food

- 4. they reproduce 5. they die
- B. How do these reproduce ?
 - 1. eggs 2. eggs
 - 3. giving birth to live young ones
 - 4. by dropping seed 5. eggs

Drawing activity.

What do they eat ?

A. Lion - flesh of other animals
 Frogs - insects, Birds - fruits, worms
 Cow - grass / plants
 Planta - make their own food

Plants - make their own food

Plant Life

Exercise

Fill in the blanks.

- a) Plants need water, air and sunlight to grow.
- b) Tall and strong plants with trunk are called <u>trees</u>.
- c) Rose plant is a <u>shrub</u>.
- d) Herbs have soft stem.
- e) Plants with weak stem are <u>climbers</u>.

Name one plant each that grows in these places.

- a) Cold places <u>Pine tree</u>.
- b) Hot places near sea Coconut tree.
- c) In water Lotus.
- d) In desert Cactus.

Worksheet (Workbook)

Use these words to fill in the blanks:

- a. trees b. creepers
- e. few months

c. cold d. cactus

the name of the plant to the w

Join the name of the plant to the word which shows what kind of plant it is:

- a. Grape-vine- climber
- b. Mango tree
- c. Tulsi herb
- d. Rose shrub

a. trees

Name two trees, two shrubs, two herbs and two climbers other than those given in the text.

- : 1. oak 2. willow
- b. shrubs : 1. tea
- 2. bougainvillea

2. snakegourd

- c. herbs : 1. coriander 2. mint
- d. climbers : 1. bittergourd

Answer the following questions:

a. Some plants like creepers or climbers have a weak stem. They cannot stand erect. So they need the support of walls or tree trunks.

- b. Mint is a small plant with a soft stem. Mint lives only for a few months. So we call mint a herb.
- c. Give 2 characters of:
 - 1. Trees : a) Tall and strong, b) Usually have a trunk and many branches.
 - 2. Shrubs: a) Small plants with hard stems,b) They live for many years.
 - 3. Herbs: a) Small and have weak stem, b) They live for a few months.
 - 4. Climbers: a) They have a weak stem, b) They need the support of walls or tree trunks.

Uses of Plants

Exercise

Name three things we can make from

- Wood chair, pencil, table
- Rubber eraser, tyre, ball
- Fibre thread, cloth, door mats.

Name one plant each that gives us these -

- a) cooking oil sunflower
- b) fibre for sacks coconut tree
- c) perfume rose
- d) medicine mint
- e) paper bamboo

Which parts of these plants do we eat?

- a) Tomato fruit
- b) Cabbage leaf
- c) Carrot root
- d) Peas seed
- e) Potato stem

Put the things in the correct list.

From plants - coir mat, wooden chair, cotton towel, lime juice, sugar, newspaper.

Not from plants - salt, nylon bag, milk, glasses, gold bangle. Puzzle - In the word search there are some things we get from plants. Find them and write their names in the correct boxes.

Werksheet (Merkheels)								
	Bean	Radish	Apple	Lettuce				
	Rice	Carrot	Tomato	Spinach	Sugar			
	Peas	Beetroot	Orange	Cabbage	Potato			
	<u>Seeds</u>	<u>Roots</u>	<u>Fruits</u>	<u>Leaf</u>	<u>Stem</u>			

Worksheet (Workbook)

Fill in the blanks:

 a. radish and carrot 	b. potato and sugarcane
 c. spinach and lettuce 	d. apple and tomato

e. peas and beans

State whether the following statements are true or false.

a. true b. false c. true d. false e. true Match the following:

a. paper b. dead leaves c. tyre d. rose e. medicines

Answer the following:

1. a. Plants give us food.

b. They purify the air and keep it fresh.

c. They also give many useful things like fibre, wood, rubber, paper, etc.

2. a. coir mat, bags, carpets

b. furniture, bats,door-window frames.

Underline the correct word / words:

a. <u>trees</u>	b. <u>not possible</u>	c. <u>Paper</u>
d. clean	e. coffee	

Animal Life

Exercise

Fill in the blanks.

1) We get meat from goat.

2) A bird lays eggs. 3) We get wool from sheep. 4) A dog is kept as a pet. It guards our house. 5) We get leather from buffalo. Match the following. a - 3. b -4, c - 1. d - 2 Name the following. - Lion, Tiger a) Two wild animals. - Camel, Cow b) Two domestic animals. c) Two animals that eat only flesh. - Wolf, leopard d) Two animals that eat only plants. - Goat, Giraffe e) Two animals that eat both plants and flesh. - Bear, Crow Two animals that eat flesh of dead animals. - Vulture, Jackal Worksheet (Workbook) Fill in the blanks: a. plant, hoofs b. crow c. wild d. dogs Name two animals in each case: c. sheep, cattle a. cow, goat b. hen. duck d. cattle, camel e. dogs, cats Match the following: 1. c. have sharp claws and sharp pointed teeth 2. a. eat both plants and flesh of animals 3. d. carry load 4. b. catch mice. Answer the following: 1. Animals that live in forest are wild animals. Examples are lion, bear. 2. Bear and crow eat both plants and flesh. 3. Vultures and hyenas eat flesh of dead animals. By doing this, they keep the forest clean. a. 1. Their teeth are flat and sharp. 2. They do not have claws, instead they have hoofs. b. 1. They have sharp claws.
